Sunday 20 September Day 2

08:00	Registration opens
08:30	**Opening and housekeeping**
08:45	Morning Plenary: **Adrian Riegen** The role of citizen scientists in wader studies & conservation
09:50	**Session F (4 Full extended Talks)** Theme: **Threats & Conservation** - Chair: **Sara Ryding**
	17. **Inka Veltheim:** Flight behaviour of highly mobile shorebirds: using tracking data to inform potential risk of wind energy impacts
	18. **Ly Minh Ngoc Tran:** Impacts of seawall construction on food availability and movement patterns of migratory waterbirds in the Lianyungang Intertidal Wetlands
	19. **Tony Flaherty:** Birds, bloom and gloom? Harmful algal blooms and shorebirds, observations and lessons from South Australia
	20. **Michael Connor:** Is Australia sufficiently well prepared to protect shorebirds and shorebird habitats from the effects of oil spills?
10:50	**Morning Tea (30 min)**
11:20	**Session G (4 Full extended Talks)** Theme: **Threats and Conservation** - Chair: **Nga Yee Lai**
	21. **Daniel Weller and Andrew Taylor:** Stockyard Hill Wind Farm migratory shorebird surveys and monitoring program: Lessons from a long-term dataset at an inland wetland site
	22. **Chris Purnell:** Floating roosts for shorebirds – a bandaid, not a silver bullet
	23. **Aisling Kelly:** New South Wales' approach to preparedness and response to Avian Flu in shorebirds
	24. **Heather McGinness:** Research and monitoring to inform planning for bird-borne disease outbreaks in waterbirds and wetlands of inland Australia
12.20	**Daniel Lees** (animation)**: What If?**
12:30	**Lunch & Poster Session (80 min)**
	P5. **Far Eastern Curlew Recovery Working Group:** 10 years on and we have a recovery working group for the Far Eastern Curlew
	P6. **Debbie Andrew:** Population trends of migratory and resident shorebirds of Botany Bay, New South Wales, over a nineteen-year period between 2001 and 2020
	P7. **Simone Bosshard:** Balancing recreation and conservation: Protecting shorebird habitat on the Sunshine Coast
	P8. **Phyo Thuzar Win:** Human interactions affecting bird population trends and habitat use of mangrove ecosystems at Meinmahla Kyun Wildlife Sanctuary Myanmar
13:50	**Session H (3 Full extended Talks)** Theme: **Migration** - Chair: **Danny Rogers**
	25. **Batmunkh Davaasuren:** Migratory connectivity and the role of inland wetlands in supporting shorebirds in Mongolia
	26. **Daniel Lees:** Movement ecology of Exmouth Gulf Bar-tailed Godwit: auxiliary stopover locations to and from the arctic
	27. **Sara Ryding:** There and back again: A ruddy turnstone's tale of migration
14:35	**Afternoon coffee break (30 min)**
15:05	**Session I (5 Full extended Talks)** Theme: **Citizen Science** – Chair: **Maxime Marini**
	28. **Alan Stuart**: Shorebird surveys in the Hunter Estuary – a community engagement success
	29. **Tom Clarke:** Think Globally - Act Locally. 50 Years of caring for shorebirds by HBOC volunteers
	30. **Newcastle Coal Infrastructure Group (NCIG):** Sharing the landscape: The story of NCIG's migratory shorebird habitat transformation
	31. **Julia Roetman:** It takes a flock: strong partnerships, dedicated volunteers, and a decade of change - celebrating 10 years of the Adelaide International Bird Sanctuary
	32. **Jamie Van Jones:** From disturbance to stewardship: community-led shorebird conservation at Roebuck Bay, Western Australia
16:25	**Presentation of Awards**
16:45	Conference Closure
16:55	**End of Conference**
